CSS CLASS ASSIGNMENT 5 POINTS

Directions:

- Create two CSS classes; big & small
- Big:
    - width equal to 500 px
    - Boarder style solid border size 10, color black Float right
- Small:
    - width equal to 200 px
    - Boarder style dotted, size 5 px, color equal to red Float left

- In html, insert two images with a similar theme.
- Be sure to remove all html width height attributes Apply the "big" class to the first image Apply the "small" class to the second image

Finishing:

- Apply source formatting to clean up code
- Check page in both Chrome and Firefox Save as "last_first_name_classes.html"
- Raise hand for grading OR turn into inbox (which ever Weaver said to do)
